## *Dagny Waits Patiently*

*April 9, 2026*

*“We have always held to the hope, the belief, the conviction, that there is a better life, a better world, beyond the horizon.” — FDR*

Spring will come; it always does. Summer, fall, and winter will follow. Patience is good, but the very fact of life is even better. Robert Frost summed up all he learned about life in three simple words: “It goes on.” Amen. What season, what change, what revelation, what better life or better world is it that I’m waiting for? Why am I waiting? Are you waiting too?
